Old Business

Bathroom Project: Decals for the bathroom have been approved. Approval of \$150.00 to complete this project.

Box Tops: Box Tops for Education are going digital and there are still some Box Tops on products that can be sent in. Please download the Box Tops for Education App onto your smart phone and choose Franklin Middle School as the recipient of your box tops. When you purchase products that have the electronic box tops, you then scan your receipt within two weeks and the earnings will be credited to the school. If you don't have a smart phone and ability to do this, receipts can be turned in and Student Council can scan in receipts during their meetings.

Milk Moola ended their program.

Concessions Update

We really could use volunteer help for concessions. Volleyball and Soccer are done. Franklin Website under Parent Network. West Booster Club ended up running the Fighting Hunger Football Game and we were able to get a portion of the Proceeds from West Booster Club. At general events, if parents are seeing behavioral issues with students or visitors- please notify Sue Kuester the Athletic Director or the administrators or staff.

Superintendent's Parent Advisory Committee

No updates.

Sunshine Events

There have been a few events.

IB Re-Authorization

Nothing new right now.

Requests

Middle Years Newsletter. This would be consistent with the goal of increasing positive communication which is what parents and students identified as a school need. Motion on a Trial one-year basis we support this for a cost of about \$350.00. Motion approved.

Book fair- during conferences. Cheryl will talk to Janet about Book Fair: Scheduling of Volunteers during evening conferences. So far we have many shifts filled with at least one person. We still need volunteers for this. The district is doing a new way of tracking volunteers and to connect community members that are wanting to volunteer in the schools. Cheryl shared the Volunteer information with the district Volunteer Coordinator.
